TRAIL '83 New Providence High School 35 Pioneer Drive New Providence, New Jersey 07974 Volume 24

Lenora Palschakov has a new angle on typing.

If you were asked to think of a word that could effectively describe New Providence High School, what would it be? Sooner or later, depending upon how your particular mind works, you may think of the word class. Class affects life at N.P.H.S. in more ways than the obvious. Besides the eight classes on your schedule, your membership of the class of 1983 or 1984 or 1985 or 1986, and your class rank, there is another meaning of the word class. It is the feeling, the quality of class that is evident in everything at N.P.H.S. whether it be academic endeavors, athletics, art, music, community service, student council, or theater. You at N.P.H.S. have reason to be proud because, for better or for worse, you've got more than just a touch of class.

The Erasmus Club was a new addition to the New Providence High School academic programs. It is comprised of students who are interested in not only science, but math, English, history, and foreign language as well. At every monthly meeting, advisors Dr. Fangman and Mrs. Sardella had something new and interesting planned. At the first meeting Dr. Max Matthews demonstrated his electronic violin. Because it was a new club, members were elected to draw up a constitution. They are pictured below.

### "HARVEY"

Someone, particularly Shakespeare, once wrote, "The play's the thing." Someone, particularly not Shakespeare, wrote, "The show must go on." Despite a change in directors and problems with the scenery in addition to all the usual hassles of putting a show together, the fall play "Harvey" finally made it to the N.P.H.S. stage. It was about Elwood P. Dowd and his invisible rabbit friend Harvey, who was also considered a pooka. The one question that is still being asked is "Who played Harvey?"

The Presidential Classroom is a program which consists of a week of intensive study of the nation's government in Washington, D.C. Participants hear seminars on all aspects of government and see the sights of the capitol. Five participants were chosen on the basis of the results of the tests they took and the essays they wrote. # Journalism Classes

The New Providence journalism class recently conducted a telelecture with Captain Larry S. Brown of the Minnot, North Dakota airforce base. The interview was a follow up to a class discussion on a newspaper article concerning the men in the missle silos.

Captain Brown refuted the articles charges that there was an abundance of alcohol and drug abuse among the missleman. "Each man is part of our Personal Rehability Program," he stated, "and basically we monitor each other; so we would be able to detect if a problem were going to occur as far as alcohol and drugs are concerned."

Captain Brown also said that each man is issued a .38

caliber revolver. He maintained, however, that although the weapons could be used on a fellow missleman if he went berserk, as the article stated, that was not its main function. "The revolver is used mainly to protect the classified material here at the base."

The class had gone over the newspaper article in detail; they then set up the interview in order to verify the charges against the misslemen. The entire class took part in the telecture, with each student asking at least one question. "What we did is exactly what the author of the article should have done-checked his facts." said journalism teacher Mr. Muller.

#### Trail

The magic words were "Have I got a job for you." We were told about the rewarding and fulfilling job of working on the Trail. With such persuasive talk, how could we possibly resist. Naturally we agreed. That was the first mistake. This year, the Trail was put together by a totally new staff with totally new advisors. Not knowing what we were doing was both a blessing and a curse. "It's so much fun" we were told, it's so much work we found out. Debts, deficits, and deadlines were major priorities. There were problems with money, problems with staffing. At times, the Trail could have been declared a disaster area. However, a great deal of work and creativity has been put into the 1983 Trail, and hopefully it shows. Someday it will be considered a labor of love, that is, once the labor pains subside. We have no one but ourselves, and that persuasive voice, to blame and to thank.

### GOOD JOB

Entering a new conference proved to be an easy adjustment for the boys basketball team. Coached by C. I. Lallis and led by co-captains Bob Burke and Kevin Murphy, the team showed quite an improvement over past years. Beginning with winning the Mendham Christmas Tournament, the Pioneer team ended the season by winning the Mountain division of the Mountain Valley Conference. This year's team also brought forth the first upset of Governor Livingston in four years and earned a place in the state tournament for the first time in three years. Good Job NP Hoopsters!!

### Boys

Coach Miller demonstrates.

Coached by Athletic Director Paul Miller, this year's baseball team is looking forward to a good season. Although it is a young team with only six returning seniors, the team appears strong with five returning starters: Barry Blackwell, Tom Cronin, John Liberato, Paul Queripel, and Jeff Tabors. Jerry Conroy will be pitching while two sophomores, Alan Niemela and Craig Colligan, are likely to start in the infield and Kerry Carroll will probably fill the remaining position. With a new coach, Art Cattano, and only three returning Varsity players, this year's Volleyball team is in a stage of rebuilding. Also, although the rest of the Pioneer sports teams have entered a new conference this year, the Volleyball team will not, due to the lack of teams in the Mountain-Valley Conference. Instead, the Pioneers will be facing area competition including two very tough teams: Millburn and Columbia.
